TYPES OF HAIR

- WE - European Hair - very good quality natural and standardized hair
- SP - Slav Premium hair - the highest quality natural hair, carefully selected, ideal for Polish women. Valued for softness, shine and a smooth structure. They are qualitatively comparable with virgin hair, but available in a larger range of colors. As a rule, they are lightly processed
- Virgin hair - individual quote. Never dyed, healthy and shiny. With a 100% retained filament. Selected individually.

Hair attachment hair dyeing - PLN 150

Hair coloring of the client according to the Seemi hair & beauty price list

Note: tangles are not a natural occurrence when wearing long-lasting hair and are the result of not following the instructions for hair extensions or hair removal. Combing of such hair is additionally payable.

LASER HAIR REMOVAL LIGHT SHEER

- **Efficacy:** reduction in competing chromophores enables delivery of laser energy more efficiently.
- **Safety:** less energy is absorbed by the epidermis and lower fluence is required since the target is closer to the energy source.
- **Decreased pain:** The unique vacuum mechanism activates tactile and pressure skin receptors to inhibit the transmission of pain sensation.
